## MESSAGE FROM THE DEPARTMENT HEAD

Dear colleagues,

I am pleased to welcome you to the Department of Public Health. Our mission is to protect and promote the health of the community through evidence-based research and practice. We are committed to a culture of collaboration, innovation, and excellence. Our research focuses on understanding the complex interactions between biological, environmental, and social factors in the development of disease. We strive to translate our findings into effective public health interventions that improve the lives of all.

Our department is home to a diverse group of talented individuals who bring unique perspectives and expertise to our work. We encourage you to explore the many opportunities for professional and personal growth that we offer. We are excited to have you on board and look forward to working together to make a positive impact on the health of our community.

Sincerely,
